

MISSOURI SWMD DISTRICT ANNUAL REPORT

FISCAL PERIOD: JULY 1ST - (PREVIOUS YEAR) TO JUNE 30TH - (CURRENT YEAR) | 2017

District L - St.Louis - Jefferson Solid Waste Management District

SOLID WASTE MANAGEMENT DISTRICT ANNUAL REPORT

1 (a). What waste goals did the district have for the fiscal year period and what actions did the districts take to achieve these goals?

A primary District goal is to reduce the amount of waste being generated for disposal wherever possible in our region. The District goals include reducing waste, maximizing recycling, expanding composting, supporting ongoing education in schools, businesses and communities, supporting ongoing regional household hazardous waste management programs, and developing additional end-use markets from recovered materials. The District strives to maximize the economic impact of the recycling industry which provides jobs, tax revenues and other economic benefits. The District also tries to achieve the most environmental benefits from the recycling industry, including conserving natural resources, saving energy, reducing pollution, and reducing greenhouse gas emissions. The District implemented its annual grant program to encourage and support projects that reduce, reuse, and recycle waste. The District also provides ongoing information, education and technical assistance to enhance the recycling industry in the St Louis region. All of these efforts contribute to reducing the amount of waste generated for disposal. The District provides grant funds and staff support to achieve program goals.

1 (b). What waste goals does the district have for the upcoming fiscal period and what actions does the district plan to take to achieve these goals. Please include the types of grant proposals that will be sought for the upcoming period to assist in meeting these goals.

The District actively solicits as many grant proposals as possible to maximize the ability to work on all subject areas, and leverage as much additional funding as possible. The District receives requests for assistance that are several times greater than the amount of funding available. The District will also continue to provide information, education, and technical assistance to the maximum extent possible. The District goal remains to reduce the amount of waste being generated for disposal wherever possible. Waste reduction projects, including education projects, are eligible projects for the District Grant Program.

2 (a). What recycling goals did the district have for the fiscal year period and what actions did the district take to achieve these goals?

	GOAL:	ACTION:
1	See attached File below	

2 (b). What recycling goals does the district have for the upcoming fiscal year period and what actions does the district plan to take to achieve these goals? Please include the types of grant proposals that will be sought for the upcoming period to assist in meeting these goals?

District priorities will continue to expand on the areas mentioned above. Additional emphasis on developing new and expanded local end-use markets is important for ensuring sustainability and growth of the recycling industry, and maximizing the economic potential of one of Missouri's primary green industries.

3 (a). What resource recovery goals did the district have for the fiscal year period and what actions did the district take to achieve thee goals?

The District is supportive of resource recovery, but does not have adequate resources to make any significant contributions to this effort. Resource recovery programs are in a good position to tap other resources in an effort to expand their efficiency and utilization. EPA reports that Missouri landfills emit over two million tons of methane on an annual basis. Given the extremely dangerous nature of these gases, minimizing landfill methane generation and maximizing recovery continues to be the most prudent course of action.

3 (b). What resource recovery goals does the district have for the upcoming fiscal year period and what actions does the district plan to take to achieve thee goals? Please include the types of grant proposals that will be sought for the upcoming period to assist in meeting these goals.

Resource recovery programs are an eligible grant activity as a potential application for grants. With limited resources and a lower priority for these types of projects, it is unlikely that district funds would be awarded for any projects. No applications were received.

4. Summarize the types of projects and results during the fiscal year, including previous fiscal years as part of the 5 year reporting. (add additional rows if needed)

	PROJECT #: *	NAME OF PROJECT RESULTING IN TONNAGE DIVERSION FROM LANDFILLS:	COST OF PROJECT:	NUMBER OF TONS DIVERTED:	AVERAGE COST PER TON DIVERTED:

5. Summarize projects not resulting in Tonnage Diversion

	LIST PROJECTS BY NUMBER AND NAME NOT RESULTING IN TONNAGE DIVERSION FROM LANDFILLS.	COST OF PROJECT:	MEASURABLE OUTCOMES ACHIEVED FOR THESE PROJECTS:
1	EWC Recycling Education: Authentic Learning	57,000.00	# of monthly meetings # of participants in program # of people impacted
2	MORA Strive for 75% by 2025	20,000.00	# of monthly meetings # of participants in program # of people impacted
3	EWC Empowering Agents of Change	50,000.00	# of monthly meetings # of participants in program # of people impacted
4	Connection to Entrepreneurs Through Recycling	27,000.00	# of monthly meetings # of participants in program # of people impacted
5	Green Building Education & Outreach	20,000.00	# of educational workshops # of USGBC meetings # of people impacted
6	In-The-Green Productions Presents Jack Kaufmann	15,000.00	# of performances # of people impacted
7	Green Dining Alliance	60,000.00	# of restaurants receiving certificate of green dining # of educational presentations # of people impacted
8	Just RE-DO it: Education, Evaluate, Incorporate	45,000.00	# of education workshops # of VAN GO presentations amount of material donated amount of material distributed # of people impacted
9	Go Green	35,000.00	# of education workshops # of outreach presentations # of people impacted
10	Strive for 75% by 2025	35,000.00	# of monthly meetings # of participants in program # of people impacted
11	Multiplying Impact, Creating Change	55,000.00	# of monthly meetings # of participants in program # of people impacted
12	Education & Outreach to Support Waste Minimization	20,000.00	# of educational workshops # of USGBC meetings # of people impacted

13	In-The-Green Productions	10,000.00	# of performances # of people impacted
14	Building a Respectful & Resourceful Community	40,000.00	# of education workshops # of VAN GO presentations amount of material donated amount of material distributed # of people impacted
15	COAM Grant 2017	5,000.00	# of educational workshops # of people impacted
16	Refab Lab	35,000.00	# of items manufactured from discarded items # of items sold
17	Go Green	25,000.00	# of education workshops # of outreach presentations # of people impacted

6. Identify separate statistics for items banned from landfills:

	LIST PROJECTS BY NUMBER AND NAME RESULTING IN TONNAGE DIVERSION FROM LANDFILLS.	LIST COST OF PROJECT RESULTING IN TONNAGE DIVERSION:	NUMBER OF TONS DIVERTED FROM PROJECT:	AVERAGE COST PER TON DIVERTED:	MEASURABLE OUTCOMES ACHIEVED FOR THESE PROJECTS:
1	St Louis Consolidation Center	15,000.00	245.0000	61.22	weights of Florescent lamps
2	St Louis Consolidation Center	13,000.00	0.0000	0.00	not yet reported

7. Identify separate statistics for items NOT banned from landfills:

	LIST PROJECTS BY NUMBER AND NAME RESULTING IN TONNAGE DIVERSION FROM LANDFILLS.	LIST COST OF PROJECT RESULTING IN TONNAGE DIVERSION:	NUMBER OF TONS DIVERTED FROM PROJECT:	AVERAGE COST PER TON DIVERTED:
1	Start to Actively Recycle	35,000.00	0.0000	0.00
2	4 A Greener Game Recycling at Busch Stadium	30,000.00	1,078.1000	27.83
3	Carpet Reclamation Program	24,000.00	99.9000	240.24
4	Computer De-Manufacturing	29,681.00	77.1700	384.62
5	Plastics & Fiber Processing	75,000.00	102.3100	733.07
6	Waste Reduction, Diversion & Proper Disposal	35,000.00	98.9300	353.79
7	Outdoor Bin Replacement	10,000.00	0.0000	0.00

8	REFAB	80,000.00	1,023.5000	78.16

8. Describe your district's grant proposal evaluation process.

Grant Proposals are evaluated in accordance with grant regulations set forth by DNR. Proposals are evaluated individually by executive board members using criteria in DNR regulations. Individual board member scores are tallied and averaged to generate a ranked list of projects. Executive Board members reviewing grants allocate funds to projects by rank. Funds are allocated to leverage as much additional investment as possible and fund as many projects as possible. Most projects only receive partial funding of the requested amounts. The Executive Board approves the list of projects with funding levels. These are submitted to DNR for review.
